Hatim Zaghoul, Chairman and CEO
Wi-LAN Inc.
2891 Sunridge Way N.E.
Calgary, AB Canada T1Y 7K7

Dear Hatim,

On behalf of the IEEE 802.16 Working Group on Broadband Wireless Access, I want to thank Wi-LAN for serving as Corporate Host of our Session #19 in Calgary from 20-24 May 2002.

Session #19 was a very productive meeting, thanks in great part to our excellent hosts and to the outstanding arrangements they made. I'd like to especially acknowledge our Member Shawn Taylor, who served as official Host of the session, and Wi-LAN's Heather Oake, who worked closely on many of the detailed plans. The details exceeded our expectations and made for an enjoyable week in a welcoming atmosphere.

I would also like to thank Wi-LAN for planning and sponsoring the Wednesday social event at Calgary's Heritage Park. This unique, congenial, and fun evening was a great opportunity to help establish and further the relationships that serve as the foundation of our progress as a Working Group.

The 87 attendees of this meeting appreciate Wi-LAN's hospitality and attention to detail and send you our best wishes.

Sincerely,

A handwritten signature in blue ink that reads "Roger B. Marks".

Dr. Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access
