26 September 2002

Dear P802.16c Balloting Group:

Thank you for your participation in the Sponsor Ballot of P802.16c/D3. The ballot closed on 11 September 2002. The results are, in summary:

37	Approve
1	Disapprove
4	Abstain
6	Not Voting

By virtue of these numbers, the ballot is considered to have passed, pending comment recirculation. We received 40 comments; eighteen of which were marked "technical." Resolutions were developed by a Ballot Resolution Committee chaired by Ken Stanwood. The single Disapprove voter submitted only one comment (#10), which was editorial and was accepted in essence.

We are requesting that the IEEE Balloting Center initiate a ten-day recirculation of these comments and resolutions. Included in this ballot package, please find:

- * A detailed list of the comment resolutions (**80216-02_43r2.pdf**). Should you prefer the database version of the resolutions for use with the program *Commentary*, it is available at <http://ieee802.org/16/docs/02/80216-02_43r2.zip>.
- * Documents C802.16c-02/09 (**C80216c-02_09.pdf**) and C802.16c-02/10 (**C80216c-02_10.pdf**), each of which is referenced in the comment resolutions.
- * The revised draft P802.16c/D4 (**P80216c_D4-2002.pdf**).

Please take this opportunity to review the package. You need not reply; if you do not, your current vote will stand. Based on these comment resolutions, you may change your vote. You may also submit additional comments that respond to these resolutions. If you wish to re-vote or comment, please keep the deadline in mind. Instructions have been provided by the IEEE Balloting Center.

Sincerely,

Roger Marks
