27 January 2005

Chen Zhaohui, Senior Vice President
Huawei Technologies Co., Ltd.

Dear Mr. Chen,

On behalf of the IEEE 802.16 Working Group on Broadband Wireless Access, I want to thank Huawei Technologies Co., Ltd. for serving as Corporate Host of our Session #35 in Sanya, China on 24-27 January 2005. We very much enjoyed our return to China and the chance to interact with many new colleagues. Our attendance of 313 set a record for an IEEE 802.16 interim session!

We were delighted with the excellent quality as well as the beautiful environment and service at the HNA Sanya Resort. I'd like to especially acknowledge Lucy Chen and Kathy Woo, who hosted the session, and the rest of the Huawei team. We very much enjoyed the wonderful lunches provided each day, and we thank Huawei for planning and sponsoring the Wednesday social event. We greatly appreciated the special foods and charming entertainment. We were grateful for your presence at the Opening Plenary meeting and for your address to us there.

Session #35 was a critical and memorable event in 802.16 history. Thank you for your contributions in providing us an excellent venue in which to advance the IEEE 802.16 standards.

Best regards,

Dr. Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access
