IEEE 802.16-08/037

P802.16h PAR Extension

17 July 2008

Reason

- PAR Expiration date: 2008-12-31
- Details
 - Extension: 1 year
 - Why is the extension required and status:
 - The WG has approved the last draft - P802.16h/D7 – with an approval ratio of 99% and is ready to move to Sponsor Ballot. However, it is difficult to ensure that Sponsor Ballot will conclude by the time the current PAR expires.

Motion

- To request approval from the IEEE 802 Executive Committee to extend the IEEE 802.16h PAR by 1 year, according to the text in IEEE 802.16h-08/015r2, and to authorize the WG Chair to submit this request to the IEEE 802 Executive Committee.

Moved: Mariana Goldhamer

Second: Brian Kiernan

Approved: 31/0/0
