To: Dr. Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access
Email: r.b.marks@ieee.org

Date: 24 February 2005

Dear Roger,

ETSI BRAN has approved New Work Items for addressing harmonization of HiperMAN PHY and DLC with corrigendum to IEEE 802.16-2004 and inclusion of Fixed/Nomadic capabilities as included in IEEE 802.16e amendment.

In the spirit of continued cooperation, ETSI BRAN requests permission to excerpt up to and including ten percent (10%) of the entirety of IEEE 802.16-2004 and its corrigendum and IEEE 802.16e amendment, for inclusion in the revision to the ETSI HiperMAN standards.

Yours faithfully,

Bernd Friedrichs
Chairman of ETSI Project BRAN (Broadband Radio Access Networks)
