IEEE L802.16-06/025

Correspondance between 802.16 WG and IANA on IANA IfType 184 and OID 184

Dear Erik,

I have completed items a) new IANA ifType assignment 237 and b) notation with current assignment 184.

Please see:

<http://www.iana.org/assignments/ianaiftypes-mib>
<http://www.iana.org/assignments/smi-numbers>

However, for c) I'm currently working with the experts to verify what the registration procedures are for transmission numbers. I hope to get back to you very soon with this information.

Thanks,

Michelle Cotton
