**Addendum 1 to  
Circular Letter  
5/LCCE/2**

13 August 2008

**To Administrations of Member States of the ITU  
and Radiocommunication Sector Members participating in the work of  
Working Parties 5A, 5B, 5C and 5D of Radiocommunication Study Group 5**

**Subject:** Further information on the invitation for submission of proposals for candidate radio interface technologies for the terrestrial components of the radio interface(s) for IMT-Advanced and invitation to participate in their subsequent evaluation

## **1 Introduction**

The first invitation for the submission of proposals for candidate radio interface technologies (RITs) or a set of RITs (SRITs) for the terrestrial components of IMT-Advanced was issued with Circular Letter 5/LCCE/2 released on 7 March 2008. This Circular Letter initiated an ongoing process to evaluate the candidate RITs or SRITs for IMT-Advanced, and invites the formation of independent evaluation groups and the subsequent submission of evaluation reports on these candidate RITs or SRITs.

This addendum to Circular Letter 5/LCCE/2 announces the availability of the further relevant information associated with the IMT-Advanced requirements, evaluation criteria and submission templates for the development of IMT-Advanced.

## **2 Requirements, evaluation criteria and submission templates**

The requirements, evaluation criteria, and submission templates for the development of IMT-Advanced are now on the IMT-Advanced web page (<http://www.itu.int/ITU-R/go/rsg5-imt-advanced/>).

### **3 Submission of candidate RITs and SRITs to ITU-R**

The formal submission guidelines and the requisite submission templates for use in submitting the candidate RITs or SRITs to the ITU-R under Step 3, as referenced in Document [IMT-ADV/2\(Rev.1\)](#) “Submission and Evaluation Process and Consensus Building”, are now available on the IMT-Advanced web page. Proponents should ensure that all the necessary information for consideration of the submissions follows those guidelines and is made available according to the established schedule in the latest version of Document IMT-ADV/2.

### **4 Updates to the ITU-R IMT-Advanced Web Page**

Any future changes to the submission and evaluation process will be announced in Addenda to this Circular Letter. Other information, such as evaluation group contact information, details of received submissions of candidate RITs or SRITs, etc., will be updated dynamically on the IMT-Advanced web page (<http://www.itu.int/ITU-R/go/rsg5-imt-advanced/>). Consequently, participants in the IMT-Advanced development and evaluation activities are kindly requested to periodically check the website.

Valery Timofeev  
Director, Radiocommunication Bureau

Distribution:

- Administrations of Member States and Radiocommunication Sector Members participating in the work of Radiocommunication Study Group 5
- ITU-R Associates participating in the work of Radiocommunication Study Group 5
- Chairman and Vice-Chairmen of Radiocommunication Study Group 5
- Secretary-General of the ITU, Director of the Telecommunication Standardization Bureau, Director of the Telecommunication Development Bureau
