Group Coordination Meeting

Dear Dr. Roger B. Marks,

Thank you for your liaison letter.

We are delighted to hear that the coordination meeting was successful with participation from most of the evaluation groups.

We will be quite happy to co-sign your contribution to ITU-R Working Party 5D. We would like to suggest some modifications to your contributions and would much appreciate if you could consider accommodating the changes “as is” or with changes to our modifications that faithfully capture the intent of our suggested modifications. We have attached the modified text for your consideration.

We look forward to good progress, a timely and successful completion of the ITU-R IMT Advanced standardization effort. We feel happy to continue our close collaboration in IEEE802.16 WG related to IMT-Advanced standardization.

Sincerely yours,

Kyu-Jin Wee, Chair, Mobile Communication Technology Committee (TC7), TTA
