Subject: Liaison statement to WATO members regarding first WATO meeting and further development of PDNR ITU-R Rec. M.[IMT.RSPEC]

Thank you for your participation in the first WATO meeting, held 15 March 2011 in Singapore. All members participated actively and we had fruitful discussion on the process of transposition of IEEE Standard 802.16m. The meeting report is available in [IEEE L802.16-11/0015](#).

IEEE 802.16 Working Group (WG) has submitted a contribution ([IEEE L802.16-11/0010r2](#), or ITU-R 5D/932) to ITU-R WP 5D providing content for Annex B of PDNR ITU-R Rec. M.[IMT.RSPEC]. We anticipate that this material completes the development of Annex B. This contribution has been submitted to ITU-R by the specified deadline as part of a package that also includes *Certification B* ([IEEE L802.16-10/0090r6](#)) and the WirelessMAN-Advanced GCS.

Sincerely,

Roger B. Marks
