22 Sep. 2011

To: Wonil Roh, Chair, WiMAX Forum Technical Working Group

Subject: Response to WiMAX Forum Liaison Statements IEEE L802.16-11/0052r1, IEEE L802.16-11/0053 and IEEE L802.16-11/0055r1

Dear Wonil,

Thank you for your liaison statements (IEEE L802.16-11/0052r1, IEEE L802.16-11/0053 and IEEE L802.16-11/0055r1), dated 29 July 2011, 14 Sep 2011 and 19 Sep 2011, detailing issues with IEEE Std 802.16. The issues identified in the annexes of your statements were reviewed during the IEEE 802.16 WG's Session #75 in Bangkok, Thailand from 19-22 September. The 802.16 WG has addressed these issues, as recorded in the comment resolution databases IEEE 802.16.1-11/0002 and IEEE 802.16Rev3-11/0002, which include comments with respect to IEEE 802.16.1/D0 and IEEE 802.16Rev3/D1, respectively.

Note that the issue raised in Annex A of IEEE L802.16-11/0052r1 is addressed in Comment 75008 in IEEE 802.16Rev3-11/0002; the suggested resolution is accepted with modification with your proposed remedy (see IEEE 802.16maint-11/0024). The issue raised in Annex A of IEEE L802.16-11/0053 is addressed in Comment 75007 in IEEE 802.16Rev3-11/0002; the suggested resolution is accepted with modification with your proposed remedy (see IEEE 802.16maint-11/0022). The issue raised in Annex B of IEEE L802.16-11/0053 is addressed in Comment 75003 in IEEE 802.16.1-11/0002; the suggested resolution is accepted with modification with your proposed remedy (see IEEE 802.16maint-11/0023). The issue raised in Annex A in IEEE L802.16-11/0055r1 is addressed in Comment 75009 of IEEE 802.16Rev3-11/0002; the suggested resolution is accepted with modification with your proposed remedy (see IEEE 802.16maint-11/0025). We have also updated the ongoing Maintenance database (IEEE 802.16maint-09/0007r17) to reflect the status of prior maintenance input, adding additional follow up notes to Comment 59.

Please note that we expect comment resolutions to be incorporated in future drafts developed in Projects P802.16Rev3 and P802.16.1. Decisions made by the Working Group at this time are not final until the standards are completed and approved.

Sincerely,

Roger B. Marks

Chair, IEEE 802.16 Working Group on Broadband Wireless Access
